With respect to non-union employees, the Village Comptroller is hereby directed to retain from payment of wages an amount equal to twenty percent (20%) of the health and dental insurance premiums assessable to the employee under the health and dental insurance program as elected by the employee. Such retained amounts shall be co-payments by the employee for participation in the Village's health insurance plan and program. Section 3(C). Section 4. Salary Schedule Relationship to New Employee; Employees at New Position, and Periodic Review/ Evaluation of Employees.

The scheduled amount of compensation set forth in this Ordinance to the extent applied to positions other than those of officers and department heads or positions for which compensation is provided by other current ordinance of the Village other than the Appropriation Ordinance and the Tax Levy Ordinance or by contract, may be reduced or increased as to a particular position under the circumstance and in the manner as provided in this Section.

- 1) In the event that a new employee is being hired to fill a vacant or new position, the employee shall be hired in an amount not to exceed the then current amount as provided for the position in this Ordinance. The amount of entry level compensation shall be recommended by the appropriate department head or supervisor and the Village Comptroller shall report the recommendation to the Board of Trustees for approval. All such recommendations shall be confidential and shall be based on the person's experience, skills, this Ordinance, the available funds remaining in the appropriations for the department or program involved, and such other matters deemed relevant by the person submitting the recommendation. Every new employee affected by the provision of this paragraph may be hired through a probationary status pending approval of salary amount as may be necessary by the Board of Trustees. Failure by the Board of Trustees to act on the recommendation within ninety (90) days of its submittal will constitute approval of the recommendation as submitted by the Village Comptroller.
- 2) In the event that a current employee is being transferred to fill a vacant or new position, that employee shall be paid no more than the amount set opposite the position that is being filled as provided in this Ordinance. In the event that an adjustment to the amount of compensation is deemed appropriate by the department head or immediate supervisor and the Village Comptroller, then the procedures as set forth in Paragraph (1) of this section shall be followed.
- 3) In the event that department head or supervisor of employees determines that the amount of compensation, after review and evaluation of the performance of an employee, is inappropriate and should be adjusted either upward or downward, then such person may prepare a written recommendation stating the reasons, in support of the recommended adjustment and the specific circumstances which occasioned review and evaluation of the employee's performance and a projection of the expected results that may be reasonably associated with the adjustment as they relate to performance and morale within the department affected and as to the individual employee. The recommendation shall be filed with the Village Comptroller who shall review it to determine whether the funds available by appropriation to the department are sufficient given the recommended adjustment. After review for that purpose, the Village Comptroller shall file, or cause to be

filed, the recommendation with the Board of Trustees. No adjustment in the amount shall occur absent confirmation by the Village Comptroller as to the sufficiency of funds appropriated for such purposes and approval by the Board of Trustees.

Section 5. The wages and salaries provided for herein shall apply and be paid only to those employees and officers duly appointed and qualified to hold such position or presently employed and whose employment is in good standing as of the date of this Ordinance and shall be in full force and effective as set forth herein retroactive to May 1, 2017, and shall be paid when funds become available for such purpose. Elected Officials shall not receive an increase in annual salary.

Section 6. Any existing positions for which salaries are not stated or provided in this Ordinance shall continue to be compensated at the level of salary as last approved by the Board of Trustees for such positions except in the event of termination of the position or of the employee or reduction in compensation at which time this authorization shall cease.

Section 7. All positions listed above that have an * (asterisks) following the position are hereby designated as exempt employees and as such shall be considered salaried employees and not eligible for overtime compensation.

Section 8. This Ordinance, and its parts, are declared to be severable and any section, clause, provision, or portion of this Ordinance that is declared invalid shall not affect the validity of any other provision of this Ordinance, which shall remain in full force and effect.

Section 9. All ordinances, resolutions, motions or orders in conflict with this Ordinance are hereby repealed to the extent of such conflict.

Section 10. This Ordinance shall be in full force and effect immediately upon its passage and approval to ensure that public services are maintained and the health, safety and welfare of the residents of the Village is duly protected.
