**AN ORDINANCE OF THE VILLAGE OF FRANKLIN PARK, COOK COUNTY, ILLINOIS AMENDING THE VILLAGE CODE OF FRANKLIN PARK TO REGULATE THE LOCATION AND LICENSE SMALL CELL ANTENNA OR TOWER FACILITIES IN THE RIGHT-OF-WAY**

---

**WHEREAS**, the Village of Franklin Park, Cook County, Illinois (the “*Village*”) is a duly organized and existing municipal corporation created under the provisions of the laws of the State of Illinois and under the provisions of the Illinois Municipal Code, as from time to time supplemented and amended; and

**WHEREAS**, the President and Board of Trustees of the Village of Franklin Park (the “*Corporate Authorities*”) have the power and authority to amend the Village Code of Franklin Park as deemed necessary and advisable to protect the health, safety and welfare of the residents of the Village; and

**WHEREAS**, the Village is authorized under the Illinois Municipal Code, 65 ILCS 5/1-1-1, *et seq.*, and Illinois law to adopt ordinances pertaining to the public health, safety and welfare; and,

**WHEREAS**, the Village is further authorized to adopt the amendments contained herein pursuant to its authority to regulate the public right-of-way under section 11-80-1 *et seq.*, of the Illinois Municipal Code; and

**WHEREAS**, the Village uses the public right-of-way within its corporate limits to provide essential public services to its residents and businesses. The public right-of-way within the Village is a limited public resource held by the Village for the benefit of its citizens and the Village has a custodial duty to ensure that the public right-of-way is used, repaired, and maintained in a manner that best serves the public interest; and

**WHEREAS**, growing demand for personal wireless telecommunications services has resulted in increasing requests nationwide and locally from the wireless industry to place small cell facilities, distributed antenna systems, and other personal wireless telecommunication facilities on utility and street light poles and other structures in the public right-of-way. While State and federal law limit the authority of local governments to enact laws that unreasonably discriminate among providers of functionally equivalent services, prohibit, or have the effect of prohibiting the provision of telecommunications services by wireless service providers, the Village is authorized, under existing State and federal law, to enact appropriate regulations and restrictions relative to small cell facilities, distributed antenna systems, and other personal wireless telecommunication facility installations in the public right-of-way; and

**WHEREAS**, in anticipation of continued increased demand for placement of small cell facilities, distributed antenna systems, and other personal wireless telecommunication facilities within the public right-of-way, the Corporate Authorities find that it is in the best interests of the public health, safety and general welfare of the Village to amend the Village Code of Franklin Park in order to establish generally applicable standards for construction, installation, use, maintenance and repair of such facilities, systems and installations within the public right-of-way in the Village so as to, among other things: (i) prevent interference with the facilities and operations of the Village's utilities and of other utilities lawfully located in public right-of-way or property, (ii) provide specific regulations and standards for the placement and siting of personal wireless telecommunication facilities within public right-of-way in the Village, (iii) preserve the character of the neighborhoods in which facilities are installed, (iv) minimize any adverse visual impact of personal wireless telecommunication facilities and prevent visual blight in the neighborhoods in which facilities are installed, (v) facilitate the location of personal wireless telecommunication

facilities in permitted locations within the public right-of-way in the Village, and (vi) assure the continued safe use and enjoyment of private properties adjacent to personal wireless telecommunication facilities; and

**WHEREAS**, in order for the Village to properly license, regulate and inspect small cell facilities, distributed antenna systems, and other personal wireless telecommunication facilities, the Village must adopt procedures and charge licensing and inspection fees; and

**WHEREAS**, the Corporate Authorities have determined that it is in the best interests of the public health, safety and welfare and to ensure the efficient operation of government to adopt certain rules, regulations and fees related to the licensing, regulating and inspecting of small cell facilities, distributed antenna systems, and other personal wireless telecommunication facilities and the installation and maintenance of same in order to adequately reimburse the Village for the financial burden of licensing, regulating and inspecting small cell facilities, distributed antenna systems, and other personal wireless telecommunication facilities.

**NOW, THEREFORE, BE IT ORDAINED** by the President and Board of Trustees of the Village of Franklin Park, Cook County, Illinois, as follows:

**Section 1.** That the above recitals and legislative findings are found to be true and correct and are hereby incorporated herein and made a part hereof, as if fully set forth in their entirety.

**Section 2.** The Corporate Authorities find and determine that it is necessary and desirable to amend the Village Code of Franklin Park for the purpose set forth herein and that the adoption of this Ordinance is in the best interests of the Village.

**Section 3.** Title 7 ("*Public Works and Properties*") of the Village Code of Franklin Park, is hereby amended by adding the following new Chapter to read, as follows:

**CHAPTER 12: SMALL CELL ANTENNAS OR TOWERS IN THE RIGHT-OF-WAY**

**7-12-1. PURPOSE.**

The purpose of this chapter is to establish certain rules and regulations as well as fees related to the licensing, regulating and inspecting of small cell antennas or towers equipment and the installation and maintenance of same in order to adequately reimburse the Village for the financial burden of licensing, regulating and inspecting of such equipment and to authorize Village officials to take all action necessary to carry out the intent of this Chapter.

**7-12-2. DEFINITIONS.**

For purposes of this Ordinance, the following terms will have the following meanings:

ALTERNATIVE ANTENNA STRUCTURE	An existing pole or other structure within the public right-of-way that can be used to support an antenna and is not a utility pole or a Village-owned infrastructure.
ANTENNA	Communications equipment that transmits or receives electromagnetic radio signals used in the provision of any type of wireless communications services.
APPLICANT	Any person or entity submitting an application to install personal wireless telecommunication facilities or structures to support the facilities within a public right-of-way.
BUILDING DIRECTOR	Director of the Department of Building of the Village of Franklin Park
VILLAGE-OWNED INFRASTRUCTURE	Infrastructure in public right-of-way within the boundaries of the Village, including, but not limited to, streetlights, traffic signals, towers, structures, or buildings owned, operated or maintained by the Village.

DISTRIBUTED ANTENNA SYSTEM (DAS)	A network or facility to which all the following apply: (1) it distributes radio frequency signals to provide Wireless Service; (2) it meets the size limitations of a Small Cell Facility; and (3) it consists of all the following: (a) remote antenna nodes deployed throughout a desired coverage area; (b) a high-capacity signal transport medium connected to a central hub site; and (c) equipment located at the hub site to process or control the radio frequency signals through the antennas.
LANDSCAPE SCREENING	The installation at grade of plantings, shrubbery, bushes or other foliage intended to screen the base of a personal wireless telecommunication facility from public view.
MONOPOLE	A structure composed of a single spire, pole or tower designed and used to support antennas or related equipment and that is not a utility pole, an alternative antenna structure, or a Village-owned infrastructure.
PERSONAL WIRELESS TELECOMMUNICATION ANTENNA	An antenna that is part of a personal wireless telecommunications facility.
PERSONAL WIRELESS TELECOMMUNICATION EQUIPMENT	Equipment, exclusive of an antenna, that is part of a personal wireless telecommunications facility.
PERSONAL WIRELESS TELECOMMUNICATIONS FACILITY	An antenna, equipment, and related improvements used, or designed to be used, to provide wireless transmission of voice, data video streams, images, or other information including, but not limited to, cellular phone service, personal communication service, paging, and Wi-Fi antenna service.
REPLACE OR REPLACEMENT	To substitute a new facility, in its entirety, for an existing facility.
RIGHT-OF-WAY	Land dedicated or utilized for a street, trail, sidewalk, utility, railroad or other similar purpose.

SMALL CELL FACILITIES	A Personal Wireless Telecommunications Facility consisting of an antenna and related equipment either installed singly or as part of a network to provide coverage or enhance capacity in a limited defined area. Generally single-service provider installation.
TOWER	Any structure that is designed and constructed primarily for the purpose of supporting one or more antennas, including self-supporting lattice towers, guy towers, or monopole towers, and that is not a utility pole, an alternative antenna structure, or a Village-owned infrastructure. Except as otherwise provided for herein, the requirements for a tower and associated antenna facilities shall be those required in this Chapter.
UTILITY POLE	An upright pole designed and used to support electric cables, telephone cables, telecommunication cables, cable service cables, which are used to provide lighting, traffic control, signage, or a similar function.
VARIANCE/ VARIATION	A grant of relief by the Building Director or designee of the Building Director.
WI-FI ANTENNA	An antenna used to support Wi-Fi broadband Internet access service based on the IEEE 802.11 standard that typically uses unlicensed spectrum to enable communication between devices.
WIRELESS SERVICE	Any telecommunications service using licensed or unlicensed wireless spectrum, whether at a fixed location or mobile, provided using Distributed Antenna Systems or Small Cell Facilities.

### 7-12-3. STANDARDS AND REGULATIONS.

Personal wireless telecommunication facilities will be permitted to be placed in right-of-way within the jurisdiction of the Village as attachments to existing utility poles, alternative antenna structures, or Village-owned infrastructure subject to the following regulations:

- A. *Number Limitation and Co-Location.* The Building Director or designee of the Building Director may regulate the number of personal wireless telecommunications facilities allowed on each utility pole or unit of Village-owned infrastructure. No more than two (2) personal wireless telecommunications facilities will be permitted on utility poles or Alternative Antenna Structure of ninety (90) feet or less. No more than three (3) personal wireless telecommunications facilities will be permitted on utility poles or Alternative Antenna

Structures in excess of ninety (90) feet and less than one-hundred and twenty (120) feet. This Chapter does not preclude or prohibit co-location of personal wireless telecommunication facilities on towers or monopoles that meet the requirements as set forth elsewhere in this Chapter or as required by federal law. In all cases, the Applicant shall provide the longitude and latitude for the location(s) for which the Applicant is applying to place the personal wireless telecommunication facilities described in this Chapter.

- B. *Separation and Clearance Requirements.* Personal wireless telecommunication facilities may be attached to a utility pole, alternative antenna structure, monopole, or Village-owned infrastructure only where such pole, structure or infrastructure is located no closer than a distance equal to one hundred (100) percent of the height of such facility to any residential building or twenty-five (25) feet from any residential building, excluding garages, whichever is greater, and no closer than three hundred (300) feet from any other personal wireless telecommunication facility. These requirements shall not apply to Village-owned equipment or facilities. A separation or lesser clearance may be allowed by the Building Director or designee of the Building Director as an administrative variance to this Chapter when the Applicant establishes that the lesser separation or clearance is necessary to close a significant coverage or capacity gap in the Applicant's services or to otherwise provide adequate services to customers, and the proposed antenna or facility is the least intrusive means to do so within the right-of-way.
- C. *Village-Owned Infrastructure.* Personal wireless telecommunication facilities can only be mounted to Village-owned infrastructure including, but not limited to, streetlights, traffic signal, towers or buildings, if authorized by a license or other agreement between the owner or Applicant and the Village.
- D. *New Towers.* No new monopole or other tower to support personal wireless telecommunication facilities in excess of sixty (60) feet is permitted to be installed on right-of-way within the jurisdiction of the Village unless the Corporate Authorities find, based on clear and convincing evidence provided by the Applicant, that locating the personal wireless telecommunication facilities on the right-of-way is necessary to close a significant coverage or capacity gap in the Applicant's services or to otherwise provide adequate services to customers, and the proposed new monopole or other tower within the right-of-way is the least intrusive means to do so.
- E. *Attachment Limitations.* No personal wireless telecommunication antenna or facility within the right-of-way will be attached to a utility pole, alternative antenna structure, tower, or Village-owned infrastructure unless all of the following conditions are satisfied:
1. *Surface Area of Antenna:* The personal wireless telecommunication antenna, including antenna panels, whip antennas or dish-shaped antennas, cannot have a surface area of more than seven (7) cubic feet in volume.
  2. *Size of Above-Ground Personal Wireless Telecommunication Facility:* The total combined volume of all above-ground equipment and appurtenances comprising a personal wireless telecommunication facility, exclusive of the antenna itself, cannot exceed thirty-two (32) cubic feet.

3. Personal Wireless Telecommunication Equipment: The operator of a personal wireless telecommunication facility must, whenever possible, locate the base of the equipment or appurtenances at a height of no lower than eight (8) feet above grade.
4. Personal Wireless Telecommunication Services Equipment Mounted at Grade: In the event that the operator of a personal wireless telecommunication facility proposes to install a facility where equipment or appurtenances are to be installed at grade, screening must be installed to minimize the visibility of the facility. Screening must be installed at least three (3) feet from the equipment installed at-grade and eight (8) feet from a roadway.
5. Height: The top of the highest point of the antenna cannot extend more than seven (7) feet above the highest point of the utility pole, alternative antenna support structure, tower or Village-owned infrastructure. If necessary, the replacement or new utility pole, alternative support structure or Village-owned infrastructure located within the public right-of-way may be no more than ten to seventy (10 – 70) feet higher than existing poles adjacent to the replacement or new pole or structure, or no more than ninety (90) feet in height overall, whichever is less, and shall be of a similar look and structure of other poles within a five hundred (500) foot area.
6. Color: A personal wireless telecommunication facility, including all related equipment and appurtenances, must be a color that blends with the surroundings of the pole, structure tower or infrastructure on which it is mounted and use non-reflective materials which blend with the materials and colors of the surrounding area and structures. Any wiring must be covered with an appropriate cover.
7. Antenna Panel Covering: A personal wireless telecommunication antenna may include a radome, cap or other antenna panel covering or shield, to the extent such covering would not result in a larger or more noticeable facility and, if proposed, such covering must be of a color that blends with the color of the pole, structure, tower or infrastructure on which it is mounted.
8. Wiring and Cabling: Wires and cables connecting the antenna to the remainder of the facility must be installed in accordance with the electrical code currently in effect in the Village. No wiring and cabling serving the facility will be allowed to interfere with any wiring or cabling installed by a cable television or video service operator, electric utility or telephone utility.
9. Grounding: The personal wireless telecommunication facility must be grounded in accordance with the requirements of the electrical code currently in effect in the Village.
10. Guy Wires: No guy or other support wires will be used in connection with a personal wireless telecommunication facility unless the facility is to be attached to an existing utility pole, alternative antenna support structure, tower or Village-owned infrastructure that incorporated guy wires prior to the date that an Applicant has applied for a permit.

11. Pole Extensions: Extensions to utility poles, alternative support structures, towers and Village-owned infrastructure utilized for the purpose of connecting a personal wireless telecommunications antenna and its related personal wireless telecommunications equipment must have a degree of strength capable of supporting the antenna and any related appurtenances and cabling and capable of withstanding wind forces and ice loads in accordance with the applicable structural integrity standards, as set forth in the subsection entitled Structural Integrity. An extension must be securely bound to the utility pole, alternative antenna structure, tower or Village-owned infrastructure in accordance with applicable engineering standards for the design and attachment of such extensions.
  12. Structural Integrity: The personal wireless telecommunication facility, including the antenna, pole extension and all related equipment must be designed to withstand a wind force and ice loads in accordance with applicable standards established in Chapter 25 of the National Electric Safety Code for utility poles, Rule 250-B and 250-C standards governing wind, ice, and loading forces on utility poles, in the American National Standards Institute (ANSI) in TIA/EIA Section 222-G established by the Telecommunications Industry Association (TIA) and the Electronics Industry Association (EIA) for steel wireless support structures and the applicable industry standard for other existing structures. For any facility attached to Village-owned infrastructure or, in the discretion of the Village, for a utility pole, tower, or alternative antenna structure, the operator of the facility must provide the Village with a structural evaluation of each specific location containing a recommendation that the proposed installation passes the standards described above. The evaluation must be prepared by a professional structural engineer licensed in the State of Illinois.
- F. *Signage.* Other than signs required by federal law or regulations or identification and location markings, installation of signs on a personal wireless telecommunication facility is prohibited.
- G. *Screening.* If screening is required under Section (e)(4), it must be natural landscaping material or a fence subject to the approval of the Village and must comply with all other regulations of the Village. Appropriate landscaping must be located and maintained and must provide the maximum achievable screening, as determined by the Village, from view of adjoining properties and public or private streets. Notwithstanding the foregoing, no such screening is required to extend more than nine (9) feet in height. Landscape screening when permitted in the right-of-way must be provided with a clearance of three (3) feet in all directions from the facility. The color of housing for ground-mounted equipment must blend with the surroundings. For a covered structure, the maximum reasonably achievable screening must be provided between such facility and the view from adjoining properties and public or private streets. In lieu of the operator installing the screening, the Village, at its sole discretion, may accept a fee from the operator of the facility for the acquisition, installation, or maintenance of landscaping material by the Village.
- H. *Permission to Use Utility Pole or Alternative Antenna Structure.* The operator of a personal wireless telecommunication facility must submit to the Village written copies of the approval from the owner of a utility pole, monopole, or an alternative antenna structure, to mount the

personal wireless telecommunication facility on that specific pole, tower, or structure, prior to issuance of the Village permit.

- I. *Licenses and Permits.* The operator of a personal wireless telecommunication facility must verify to the Village that it has received all concurrent licenses and permits required by other agencies and governments with jurisdiction over the design, construction, location and operation of said facility have been obtained and will be maintained within the corporate limits of the Village.
- J. *Variance Requirements.* Each location of a personal wireless telecommunication facility within a right-of-way must meet all of the requirements of this Chapter, unless a variance has been obtained. An Applicant requesting a variance from one or more of the provisions of this Chapter must do so in writing to the Building Director as a part of the permit application. The request shall identify each provision of this Chapter from which a variance is requested and the reasons why a variance should be granted.
  1. The Building Director, or designee of the Building Director, shall decide, on an individual basis, whether a variance is authorized for each provision of this Chapter identified in the variance request. The Building Director, or designee of the Building Director may authorize a variance only if the Applicant requesting the variance has demonstrated that:
    - a. One or more conditions not under the control of the Applicant (such as terrain features or an irregular right-of-way line) create a special hardship that would make enforcement of the provision unreasonable, given the public purposes to be achieved by the provision; and
    - b. All other designs, methods, materials, locations, or facilities that would conform with the provision from which a variance is requested are impracticable in relation to the requested approach.
  2. As a condition for authorizing a variance, the Building Director, or designee of the Building Director, may require the Applicant requesting the variance to meet reasonable standards and conditions that may or may not be expressly contained within this Chapter, but which carry out the purposes of this Chapter.
  3. Any Applicant aggrieved by any order, requirement, decision or determination, including the denial of a variance, made by the Building Director, or designee of the Building Director under the provisions of this Chapter shall have the right to appeal to the Village President, or such other designee as may be designated by the Village President. The application for appeal shall be submitted in writing to the Village Clerk within thirty (30) calendar days after the date of such order, requirement, decision, or determination. The Village President shall commence consideration of the appeal at a scheduled public meeting occurring at least ten (10) calendar days after the filing of the appeal. The Village President shall timely decide the appeal.

- K. *Abandonment and Removal.* Any personal wireless telecommunication facility located within the corporate limits of the Village that is not operated for a continuous period of twelve (12) months, shall be considered abandoned and the owner of the facility must remove same within ninety (90) days of receipt of written notice from the Village notifying the owner of such abandonment. Such notice shall be sent by certified mail, return-receipt-requested, by the Village to such owner at the last known address of such owner. In the case of personal wireless telecommunication facilities attached to Village owned infrastructure, if such facility is not removed within ninety (90) days of such notice, the Village may remove or cause the removal of such facility through the terms of the applicable license agreement or through whatever actions are provided by law for removal and cost recovery.
- L. *Reimbursements for Costs.* The Applicant or telecommunications retailer shall be solely responsible for any and all costs incurred by the Village associated with the installation, repair, replacement, or removal of the Applicant or telecommunications provider's equipment. The costs shall include but are not limited to impact fees for street closures; costs related to traffic enforcement at the site where the installation, repair, replacement, or removal has occurred; any costs related to returning the right-of-way to its original state prior to the installation, repair, replacement, or removal of the Applicant or telecommunications provider's equipment.

#### **7-12-4. PERMIT REQUIRED; APPLICATION.**

- A. Permit required. Permits, applications, and fees related to personal wireless facilities and applications for the same in the right of way shall be governed by of this Chapter; however, where this Chapter is silent related to certain building permit fees or licensing fees, any other applicable provisions of the Village Code of Franklin Park shall control. No person shall construct any facility on, over, above, along, upon, under, across or within any Village right-of-way which: (1) changes the location of the facility; (2) adds a new facility; (3) disrupts the right-of-way; or (4) materially increases the amount of area or space occupied by the facility on, over, above, along, under, across or within the right-of-way, without first filing an application and obtaining a permit from the Village, except as otherwise provided in this Chapter. No permit shall be required for the installation and maintenance of service connections to customers' premises where there will be no disruption of a right-of-way. All applications shall go through site review and approval with the Building Director, or the designee of the Building Director.
- B. Permit application. All applications for permits pursuant to this Chapter shall be filed on a form provided by the Village and shall be filed in such number of duplicate copies as the Village may require.
- C. Minimum general application requirements. The application shall be made by the Applicant or its duly authorized representative and shall contain, at a minimum, the following:
1. The Applicant's name, address and telephone and facsimile numbers and a statement of the Applicant's interest in the work;

2. The names, addresses, telephone and facsimile numbers and e-mail addresses of all professional consultants, if any, advising the Applicant with respect to the application;
3. A general description of the proposed work and the purposes and intent of the facility and the uses to which the facility will be put. The scope and detail of such description shall be appropriate to the nature and character of the work to be performed, with special emphasis on those matters likely to be affected or impacted by the work proposed. The scope of work shall also indicate the type of equipment or facilities being installed and whether the equipment or facilities are new, a swap-out or exchange of facilities or equipment, or an upgrade to existing facilities and equipment.
4. Evidence that the Applicant has placed on file with the Village:
  - i. A written traffic control plan demonstrating the protective measures and devices that will be employed, which shall be consistent with IDOT's Illinois Manual on Uniform Traffic Control Devices, to prevent injury or damage to persons or property and to minimize disruptions to efficient pedestrian and vehicular traffic; and
  - ii. An emergency contingency plan, which shall specify the nature of potential emergencies including, without limitation, construction and hazardous materials emergencies and the intended response by the Applicant. The intended response shall include notification to the Village and shall promote protection of the safety and convenience of the public. Compliance with ICC regulations for emergency contingency plans constitutes compliance with this Chapter, unless the Village finds that additional information or assurances are needed.
5. Drawings, plans and specifications showing the work proposed, including the certification of an engineer that such drawings, plans and specifications comply with applicable laws, codes, rules and regulations;
6. Evidence of insurance as herein required;
7. Any request for a variance from one or more provisions of this Chapter;
8. Such additional information as may be reasonably required by the Village or Building Director; and
9. Evidence that any "Certificate of Public Convenience and Necessity" or other regulatory authorization that the Applicant is required by law to obtain, or that the Applicant has elected to obtain, has been issued by the ICC or another entity with jurisdictional authority.

- D. Applicant's duty to update information. Throughout the entire permit application review period and the construction period authorized by the permit, any amendments to information contained in a permit application shall be submitted by the Applicant in writing to the Village within thirty (30) calendar days after the change necessitating the amendment.
- E. Application fees. Unless otherwise provided by the applicable franchise, license or similar agreement, all applications for permits pursuant to this Chapter shall be accompanied by a fee as herein provided. No application fee is required to be paid by any electricity utility that is paying the municipal electricity infrastructure maintenance fee pursuant to the Electricity Infrastructure Maintenance Fee Law (35 ILCS 645/15, et seq.).

#### **7-12-5. INSURANCE REQUIREMENT.**

- A. Required coverages and limits. Unless otherwise provided by a franchise, license or similar agreement, each Applicant or utility occupying a right-of-way or constructing any facility in a right-of-way shall secure and maintain the following liability insurance policies insuring the Applicant as a named insured and naming the Village and its elected and appointed officers, officials, agents and employees as additional insureds on the policies listed in subsections (1) and (2) below:
  - 1. Commercial general liability insurance, including premises-operations, explosion, collapse and underground hazard and products-completed operations coverage with limits not less than:
    - i. Five million dollars (\$5,000,000.00) for bodily injury or death to each person;
    - ii. Five million dollars (\$5,000,000.00) for property damage resulting from any one accident; and
    - iii. Five million dollars (\$5,000,000.00) for all other types of liability.
  - 2. Automobile liability for owned, non-owned and hired vehicles with a combined single limit of \$1,000,000.00 for personal injury and property damage for each accident;
  - 3. Worker's compensation with statutory limits; and
  - 4. Employer's liability insurance with limits of not less than \$1,000,000.00 per employee and per accident.
  - 5. If the Applicant is not providing such insurance to protect the contractors and subcontractors performing the work, then such contractors and subcontractors shall comply with this section.

- B. Excess or umbrella policies. The coverages required by this section may be in any combination of primary, excess, and umbrella policies. Any excess or umbrella policy must provide excess coverage over underlying insurance on a following-form basis such that when any loss covered by the primary policy exceeds the limits under the primary policy, the excess or umbrella policy becomes effective to cover such loss.
- C. Copies required. The Applicant shall provide copies of any of the policies required by this section to the Village within ten (10) calendar days following the receipt of the filing of its application.
- D. Maintenance and renewal of required coverages. The insurance policies required by this section shall contain the following endorsement:

"It is hereby understood and agreed that this policy may not be canceled nor may the intention not to renew be stated until thirty (30) calendar days after receipt by the Village, by registered or certified mail, return receipt requested, of a written notice addressed to the Building Director of such intent to cancel or not to renew."

Within ten (10) calendar days after receipt by the Village of said notice, and in no event later than ten calendar days prior to said cancellation, the Applicant shall obtain and furnish to the Village evidence of replacement insurance policies meeting the requirements of this section.

- E. Self-insurance. An Applicant may self-insure all or a portion of the insurance coverage and limit requirements required herein. Self-insurers are not required, to the extent of such self-insurance, to comply with the requirement of the naming of additional insureds under subsection (A), or to comply with the requirements of subsections (B), (C) and (D) of this section. An Applicant that elects to self-insure shall provide to the Village evidence sufficient to demonstrate its financial ability to self-insure the insurance coverage and limit requirements required under subsection (A) of this section, which evidence may include that the Applicant is a "private self-insurer" under the Workers' Compensation Act (820 ILCS 305/1, et seq.).
- F. Effect of insurance and self-insurance on an Applicant's liability. The legal liability of an Applicant to the Village and any person for any of the matters that are the subject of the insurance policies or self-insurance required by this section shall not be limited by such insurance policies or self-insurance or by the recovery of any amounts thereunder. The Applicant's insurance shall be primary, and any Village policies of insurance shall be deemed noncontributory.
- G. Insurance companies. All insurance provided pursuant to this section shall be effected under valid and enforceable policies, issued by insurers legally able to conduct business with the licensee in the State of Illinois.

#### **7-12-6. APPLICATION AND ANNUAL FEES.**

Permits for placement of personal wireless telecommunication facilities in right-of-way within the Village are required. Any application must demonstrate compliance with the requirements of this Chapter. The procedures for the application for, approval of, and revocation of such a permit must be in compliance with Village permit application requirements, except as otherwise provided for in this Chapter. Unless otherwise provided by franchise, license, or similar agreement, or federal, State or local law, all applications for permits pursuant to this Chapter must be accompanied by a fee in the amount herein imposed. The application fee will reimburse the Village for its internal administrative costs related to processing an application made under this Chapter with respect to the work being performed. In addition, the Applicant shall reimburse the Village for any fees charged to the Village for professional services (engineering fees, legal fees, site review fees, etc.) related to the processing of the application. No application fee is required to be paid by any electricity utility that is paying the municipal electricity infrastructure maintenance fee pursuant to the Electricity Infrastructure Maintenance Fee Law (35 ILCS 645/15, et seq.). However, such Applicant shall remain responsible for reimbursing the Village for the cost of its professional services employed in reviewing the application.

- A. For the installation of a Distributed Antenna System or Small Cell Facility, a telecommunications retailer shall pay the following application fees:
  - 1. Two thousand dollars (\$2,000.00) for a new facility.
  - 2. Two thousand dollars (\$2,000.00) for the attachment to and, if applicable, replacement of a Village-owned facility.
  - 3. One thousand dollars (\$1,000.00) for the attachment to a utility-owned facility.
- B. A telecommunications retailer that obtained a permit and installed a Distributed Antenna System or a Small Cell Facility within the Village's jurisdiction shall pay the following annual license fees:
  - 1. Two thousand dollars (\$2,000.00) for a new facility.
  - 2. Two thousand dollars (\$2,000.00) per attachment to and, if applicable, replacement of a Village-owned facility.
  - 3. One thousand dollars (\$1,000.00) per attachment to a utility-owned facility.
- C. The Village shall invoice the telecommunications retailer for such annual fee(s) due on or about January 1 of each year, and the telecommunications retailer shall pay such invoice within thirty (30) calendar days after its receipt thereof.
- D. Penalty for Violations:
  - 1. Any and all persons or parties who violate the terms and provisions of this Chapter shall be subject to a fine up to \$750.00 per day. Each day shall be considered a new violation.

2. Any fine levied shall be appealable pursuant to the Illinois Administrative Review Act, 735 ILCS 5/3-101, *et seq.*

#### **7-12-7. CONFLICT OF LAWS.**

Where the conditions imposed by any provisions of this Chapter regarding the siting and installation of personal wireless telecommunication facilities are more restrictive than comparable conditions imposed elsewhere in any other local law, ordinance, resolution, rule or regulation, the regulations herein provided shall govern however, where this Chapter conflicts with federal laws or state laws pre-empting the Village's power, the federal or State law will govern.

**Section 4.** If any provision of this Ordinance or application thereof to any person or circumstance is ruled unconstitutional or otherwise invalid, such invalidity shall not affect other provisions or applications of this Ordinance that can be given effect without the invalid application or provision, and each invalid provision or invalid application of this Ordinance is severable.

**Section 5.** The findings and recitals herein are declared to be prima facie evidence of the law of the Village and shall be received in evidence as provided by the Illinois Compiled Statutes and the courts of the State of Illinois.

**Section 6.** All ordinances, resolutions, motions or orders in conflict with this Ordinance are hereby repealed to the extent of such conflict.

**Section 7.** This Ordinance shall be in full force and effect upon its passage, approval and publication as provided by law.

(Intentionally Left Blank)

**ADOPTED** by the President and Board of Trustees of the Village of Franklin Park, Cook County, Illinois this \_\_\_\_ day of December 2017, pursuant to a roll call vote, as follows:

ORDINANCE NUMBER 1718-G- \_\_

**AN ORDINANCE OF THE VILLAGE OF FRANKLIN PARK, COOK COUNTY, ILLINOIS PROHIBITING THE USE OF GROUND WATER AS A POTABLE WATER SUPPLY BY THE INSTALLATION OR USE OF POTABLE WATER SUPPLY WELLS OR BY ANY OTHER METHOD 2550 EDGINGTON STREET, FRANKLIN PARK, ILLINOIS**

---

**WHEREAS**, the Village of Franklin Park, Cook County, Illinois (the "*Village*") is a duly organized and existing municipal corporation created under the provisions of the laws of the State of Illinois and under the provisions of the Illinois Municipal Code, as from time to time supplemented and amended; and

**WHEREAS**, in enacting Ordinance Number 1314-VC-16 entitled "An Ordinance Amending Chapter Eight of Title Seven of the Village Code of the Village of Franklin Park, Cook County, Illinois to Establish a Site Specific Groundwater Use Restriction Zone Application Process" (the "*Site Specific Application Process*") the Village President and Board of Trustees of the Village Franklin Park (the "*Corporate Authorities*") have determined that groundwater within the Village is a valuable natural resource that should be protected and preserved; and

**WHEREAS**, the Corporate Authorities, in enacting a Site Specific Application Process, have determined it is inappropriate to restrict in perpetuity the use of all groundwater located within the corporate boundaries of the Village (hereinafter referred to as a "*border-to-border restriction*"); and

**WHEREAS**, the Corporate Authorities have determined, in enacting a Site Specific Application Process, that a border-to-border restriction may lead to further contamination of groundwater by industrial and commercial activity taking place within the Village; and

**WHEREAS**, the Corporate Authorities, in enacting a Site Specific Application Process, have determined that the Village should consider, on a case-by-case basis, the enactment of in

perpetuity restrictions on the use of contaminated groundwater that qualify as an institutional control under Title XVII of the Illinois Environmental Protection Act, Site Remediation Program, 415 ILCS 5/58 *et seq.* and Subpart J of the TIERED APPROACH TO CORRECTIVE ACTION OBJECTIVES, Institutional Controls, 35 IAC 742.1000 *et seq.* (hereinafter referred to as an “*institutional control*”); and

**WHEREAS**, in accordance with the Site Specific Application Process, the Corporate Authorities find that it is in the public interest and will tend to promote the health, safety, morals, comfort, convenience and general welfare of the residents of the Village to establish a Restricted Groundwater Zone that will qualify as an institutional control.

**NOW, THEREFORE, BE IT ORDAINED** by the President and Board of Trustees of the Village of Franklin Park, Cook County, Illinois, as follows:

**Section 1.** That the above recitals and legislative findings as found to be true and correct and are hereby incorporated herein and made a part hereof, as if fully set forth in their entirety.

**Section 2.** The use or attempted use of groundwater as a potable water supply from within the area shown on Exhibit A and more particularly described in Exhibit B, copies of such being attached hereto and made a part hereof, by the installation of wells or by any other method, is hereby prohibited.

**Section 3.** The prohibition contained in Section 2 of this Ordinance shall also apply to the Village of Franklin Park, including the operation of its water utility.

**Section 4.** Penalties. Any person violating the provisions of this Ordinance shall be subject to a fine of up to Seven Hundred Fifty Dollars (\$750.00) for each violation.

**Section 5.**     Definitions.

"Person" shall mean any individual, partnership, co-partnership, firm, company, limited liability company, corporation, association, joint stock company, trust, estate, political subdivision, or any other legal entity, or their legal representatives, agents or assigns.

"Potable water" shall mean any water used for human or domestic consumption, including, but not limited to, water used for drinking, bathing, swimming, washing dishes, or preparing foods.

**Section 6.**     All ordinances, resolutions, motions or orders in conflict with this Ordinance are hereby repealed to the extent of such conflict.

**Section 7.**     If any section, paragraph, clause or provision of this Ordinance shall be held invalid or its application to any person or under any circumstances is adjudged invalid, the invalidity thereof shall not affect any other provision of this Ordinance.

**Section 8.**     This ordinance shall be in full force and effect from and after its passage, approval and publication as required by law.

(Intentionally Left Blank)

**AN ORDINANCE ABATING THE TAX HERETOFORE LEVIED FOR THE YEAR 2017 TO PAY DEBT SERVICE ON \$8,800,000 GENERAL OBLIGATION BONDS (ALTERNATE REVENUE SOURCE), SERIES 2016A OF THE VILLAGE OF FRANKLIN PARK, COOK COUNTY, ILLINOIS**

---

**WHEREAS**, the Village of Franklin Park, Cook County, Illinois (the "*Village*") is a duly organized and existing municipal corporation created under the provisions of the laws of the State of Illinois and under the provisions of the Illinois Municipal Code, as from time to time supplemented and amended; and

**WHEREAS**, the Village President and the Board of Trustees of the Village of Franklin Park (the "*Board*"), pursuant to Ordinance Number 1617-G-18, adopted on the 11<sup>th</sup> day of July 2016 (the "*Bond Ordinance*"), did provide for the issuance of \$8,800,000 General Obligation Bonds (Alternate Revenue Source), Series 2016A (the "*Bonds*"), and the levy of a direct annual real property tax sufficient to pay principal and interest on the Bonds; and

**WHEREAS**, the Village will have funds available for the purpose of paying the debt service due on the Bonds; and

**WHEREAS**, it is necessary and in the best interests of the Village that the tax heretofore levied for the year 2017 upon the real property within the Village to pay such debt service on the Bonds be abated.

**NOW, THEREFORE, BE IT ORDAINED** by the President and Board of Trustees of the Village of Franklin Park, Cook County, Illinois, as follows:

**Section 1. Incorporation of Preambles.** The above recitals and legislative findings are found to be true and correct and are hereby incorporated herein and made a part hereof, as if fully set forth in their entirety.

**Section 2. Abatement of Tax.** The real property tax heretofore levied for the year 2017 by Ordinance Number 1617-G-18, to be collected in the year 2018, as provided in the Bond Ordinance in the indicated amount of \$363,300.00 be and is hereby, abated in its entirety to the extent heretofore levied.

**Section 3. Filing of Ordinance.** That upon the adoption of this Ordinance, the Village Clerk shall file, or cause to be filed, a certified copy hereof with the County Clerk of Cook County, Illinois, and it shall be the duty of said County Clerk to abate said tax levy upon real property for the year 2017 in accordance with the provisions hereof.

**Section 4. Severability.** If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity thereof shall not affect any other provision of this Ordinance.

**Section 5. Repealer.** All ordinances, resolutions, motions or orders in conflict with this Ordinance are hereby repealed to the extent of such conflict.

**Section 6. Effective Date.** This Ordinance shall be in full force and effect upon its passage, approval and publication as provided by law.

ORDINANCE NUMBER 1718-G-\_\_

THE ANNUAL TAX LEVY ORDINANCE OF THE VILLAGE OF  
FRANKLIN PARK, COOK COUNTY, ILLINOIS, FOR THE FISCAL YEAR  
BEGINNING MAY 1, 2017 AND ENDING APRIL 30, 2018

---

WHEREAS, the Village of Franklin Park, Cook County, Illinois (the "Village") is a duly organized and existing municipal corporation created under the provisions of the laws of the State of Illinois and under the provisions of the Illinois Municipal Code, as from time to time supplemented and amended.

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Franklin Park, Cook County, Illinois, as follows:

**Section 1.** That the above recital is found to be true and correct and is hereby incorporated herein and made a part hereof, as if fully set forth in its entirety.

**Section 2.** This Ordinance is and shall be designated as "*The Annual Tax Levy Ordinance of the Village of Franklin Park, Cook County, Illinois for the Fiscal Year beginning May 1, 2017 and ending April 30, 2018.*"

**Section 3.** The total amount of appropriations for all corporate purposes, legally made to be collected from the property tax levy of the current year is ascertained to be the sum of \$12,298,923.00.

**Section 4.** The purpose of which appropriations are made and the amount appropriated for each purpose, respectively, to be collected for the Tax Levy of the current year are, as follows (see attached insert):

*(Intentionally Left Blank)*

VILLAGE OF FRANKLIN PARK  
ANNUAL LEVY ORDINANCE  
FISCAL YEAR BEGINING MAY 1, 2017  
AND ENDING APRIL 30, 2018

**RECAPITULATION**

---

<u>FUND</u>	<u>2017 TAX LEVY</u>
CORPORATE	\$ 2,376,676

FIRE PROTECTION	2,575,000
STREET & BRIDGE	515,000
FIRE PENSION 93-0689	156,671
FIRE FIGTHERS PENSION	1,807,162
POLICE PENSION	<u>2,293,414</u>
COMBINED TOTAL	<u><u>\$ 12,298,923</u></u>

**Section 5.** There is hereby certified to the County Clerk of Cook County, Illinois, the several sums aforesaid, constituting the total amount of \$12,298,923.00, which said total amount the Village of Franklin Park, Cook County, Illinois requires to be raised by taxation for the current municipal fiscal year May 1, 2017 to April 30, 2018 of said Village, and the Village Clerk is hereby directed to file within the time required by law, a certified copy of this Ordinance and also to certify within said mentioned time to said County Clerk the total amount required to be raised by taxation; as aforesaid, in accordance with the provision of the revenue laws of the State of Illinois.

**Section 6.** In the event that the Cook County Clerk is required to implement a Clerk's Reduction Factor in order to comply with the Property Tax Extension Limiting Law Limiting Rate, the County Clerk is hereby authorized and directed to apply such reduction to the tax levy for the Corporate Fund.

**Section 7.** If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity thereof shall not affect any other provision of this Ordinance.

**Section 8.** All ordinances, resolutions, motions or orders in conflict with this Ordinance are hereby repealed to the extent of such conflict.

**Section 9.** This Ordinance is declared to be urgent and necessary for the immediate preservation of public peace, health and safety of the general public and shall, therefore, take effect and be in full force immediately upon its passage and approval by the Village President.
