6. Staff Update: Engineering Updates From Staff

Mr. Schneider introduced Dave Talbott, the Village's Engineer, and informed the members that Mr. Talbott would be giving a presentation on stormwater updates in the Village within the last few years. Mr. Schneider states that the Village had minimal flooding last year thanks to Mr. Talbott and the rest of the engineering staff's work.

Mr. Talbott began by discussing the two floodplains located in Franklin Park: Silver Creek and Crystal Creek. A 1986 flood prompted an investment in sewers. Mr. Talbott's presentation also covered proposed changes to the floodplain maps, the addition of new stormwater facilities as a result of the future Elgin O'Hare bypass, new detention facilities as a result of industrial development, and other stormwater projects.

7. Member Rickert made a motion to adjourn the meeting of the Plan Commission. It was seconded by Member Badillo. The motion was carried.

The meeting adjourned at 8:04 p.m.

Respectfully Submitted,
